About the Segal Cancer Centre

The Segal Cancer Centre is a Quebec leader in implementing a focused and comprehensive approach to fighting cancer through medical treatment, patient care, family support and scientific

research. A wide array of interrelated services are grouped in close proximity to one another, including screening and prevention, nutrition and rehabilitation, psychosocial support, symptom management, and public information. This integrated approach is considered by leading international medical experts to be one of the most effective and promising strategies in battling cancer.

About the Jewish General Hospital

The Jewish General Hospital has been a mainstay of superior medical treatment for many generations of patients from all backgrounds in Montreal, throughout Quebec and beyond. Drawing on its expertise and experience as one of the province's largest and busiest acute-care hospitals, the JGH is committed to improving the level of care for all Quebecers through close collaboration with the government and its healthcare network. Year after year, the Jewish General Hospital reaffirms its commitment to ensuring that patients receive care of the highest quality in a clean, safe environment. The JGH is able to deliver these pioneering and innovative services by strengthening its role as a McGill University teaching hospital, expanding and upgrading its facilities, and pursuing cutting-edge studies at the Lady Davis Institute for Medical Research. For more, please visit jgh.ca.
